Instructional Design Librarian (Nursing & STEM)
Nevada State College
Henderson, Nevada, United States

Salary: $50,000.00 - $55,000.00 (Yearly Salary)

Status: Full-time

Posted: 07/12/17

Deadline: Not stated

Position: Instructional Design Librarian (Nursing & STEM)

Position Description:
Nevada State College invites applications for an Instructional Design Librarian (Nursing and STEM). This position reports to the Director of Library Services and will join the College during an exciting period of growth and development.

The Instructional Design Librarian provides leadership for the integration of scalable and sustainable information literacy initiatives into the curriculum of the School of Nursing and the Department of Physical & Life Sciences.

Strong candidates will be inspired by:

- The chance to work at an institution dedicated to creating successful outcomes for students from largely underserved, first generation, and non-traditional backgrounds.
- The opportunity to work in an environment that embraces innovation and experimentation.
- The prospect of working in an environment in which assessment and evidence drive institutional improvement and innovation.

Position Responsibilities:
• Consults and collaborates with teaching faculty to integrate information literacy learning outcomes, assignments, learning activities, and learning assessments into in-person, hybrid, and online courses. (30%)
• Works collaboratively with campus stakeholders to integrate library resources, services, and other tools into the curriculum. (20%)
• Creates and maintains a repository of reusable learning objects. (20%)
• Creates scholarly products; actively participates in committees, professional engagement, or service; and meets other NSC requirements for promotion and tenure. (20%)
• Provides information literacy instruction and research services. (10%)

Required Qualifications:

• ALA-accredited Master’s degree or equivalent by the start date.
• Commitment to improving success of first-generation and underrepresented students.
• Excellent oral and written communication abilities.
• Excellent time management and organizational skills.

Preferred Qualifications:

• Experience providing instructional services to relevant disciplines or a degree in the health sciences, life sciences, or physical sciences.
• Experience collaborating with instructors to develop learning outcomes, learning activities, and learning assessments.
• Familiarity with contemporary theories, models, and best practices associated with information literacy.
• Ability to build rapport with students and campus stakeholders.
• Ability to use research methods to pose and answer questions that lead to improved practice.
• Experience creating digital learning objects.

Closing Date: Not stated

Special Instructions to Applicants:
Please address each of these qualifications in your application materials.

• ALA-accredited Master’s degree or equivalent by the start date.
• Commitment to improving success of first-generation and underrepresented students.
• Excellent oral and written communication abilities.
• Excellent time management and organizational skills
