JOB SEARCH TIP

A new student inquired about job prospects for when he completes his MLIS because he lives in a relatively small town and he has concerns about finding related work once he graduates.

My advice: Cast your job search net far and wide. When you limit yourself, you limit your options.

As a new student, it is wise to be thinking ahead and starting to take steps that can help you with your future job search. Follow me to the iSchool Career Blog to find my top four steps to consider.

CAREER WORKSHOP

Your LIS Career Starts Here!
Wednesday, Sept. 7, 2016
5:30 pm to 6:30 PM Pacific Daylight Time

This workshop is for ALL students. Did you know that the SJSU School of Information has one of the most comprehensive career resource information sites in the entire library and information science field? Come find out more as we explore the Career Development site. Learn about all the iSchool resources to help you consider and choose your career direction; discover different work options and opportunities; jump start your networking and job search skills, and build the strategies and structures that will lead to your new LIS career.

Join the workshop: https://sas.elluminate.com/site/external/launch/dropin.jnlp?sid=2011274&password=D.518A5F2216C52059ECAF74BEE9C67B

This workshop will be recorded. Please contact me, Jill Klees, at jill.klees@sjsu.edu with questions.

Links to past sessions are posted on the iSchool's Career Development website section: http://ischool.sjsu.edu/career-development/career-webcasts-and-workshops/collaborate-workshops/recordings-past-workshops

GET EXPERIENCE!

Get started on SJSU’s job & internship database, SpartaJobs. It’s as easy as 1-2-3-4.

1. Login with your SJSUOne login. (must be a currently registered student or alumni member).
2. Personalize your career interests to get customized job opportunities.
3. Setup and build your profile.
4. Search for jobs & internships. It is that easy.
Visit the SpartaJobs page (http://www.sjsu.edu/careercenter/students/spartajobs/index.html) for video tutorials and tips for success.

Here are just a few of the jobs I found on SpartaJobs. Give it a try. You never know what you will find!
