Post-Master's Certificate in Library and Information Science – 100% Online

SJSU SAN JOSÉ STATE UNIVERSITY

Today's digital world requires a whole new set of skills. That's why the Post-Master's Certificate program at the San José State University School of Information focuses on emerging trends in the rapidly expanding information profession, as well as the technological tools used to solve workplace challenges.

With this convenient, exclusively online program, you can update your professional knowledge, expand your skills, and connect with a community of scholars, researchers and information professionals from around the world.

“ It has been awhile since I studied archival work. It's really neat to learn about the different metadata styles. **I also really like the flexibility.** You can do your work at your own pace to a certain degree and it is really nice to do that. ”

Anthony Lin,
'18 Post-Master's Certificate
Librarian, Irvine Valley College
